## Business Management - Office Management

Faculty of Management  
Academic year 2019-2020

## TARGET GROUP

The **fall semester** is aimed at **business students** with a **specialisation in Marketing**. Students are advised to follow 30 ECTS credits.

All courses in this programme will be taught in English. Please take into account that a **beginner's level of English** is **not sufficient** (preferably B2) to follow the courses and to take the exams.

The number of Exchange students enrolled in this programme is limited.

## INTRODUCTION WEEK

The programme starts with an introduction week. This week is organised by the UC Leuven-Limburg for all the international students who attend courses at the different faculties of the UC Leuven-Limburg. During this week students get a lot of practical information they need for a successful study period in Leuven. Meanwhile the students also have the opportunity to look for accommodation. This week also creates possibilities to socialize with international and local students. We **strongly advise** students to participate in this **introduction week**. More information on the introduction week is available [here](#).

## COURSES

After the introduction week the students follow courses during 13 weeks. The Faculty of Management offers a wide range of courses (see overview of the courses on the next page). The time schedule of the courses will be available at the beginning of the semester. Some courses might be scheduled at the same day/time. In that case, students can select another course at the beginning of the semester.

Most of the courses are build up in the form of interactive coached self-teaching. This means that the subject matter of these courses will not only be acquired by lectures but also by self-study supervised by the lecturer.

Students are advised **to take minimum 20 ECTS**.
