Visa Information	www.polinternational.polimi.it/life/living-in-italy/residence-permit
Insurance Information Health Services	<i>Politecnico di Milano has in force Public Liability insurance. Any member of the public, as well as any students and staff entering our premises are covered by this insurance policy. Safety precautions are taken in case students and staff are expected to work with machinery, equipment or substances hazardous to health. In such cases, first aid facilities will be available and training, supervision and protective clothing will be provided.</i> Outbound students <i>Students of the Politecnico di Milano taking part in international mobility programmes are insured against accidents and civil liability during the period spent at the host institution. Outbound students are required to hold a European Health Insurance Card (EHIC) or any other policy granting the right to medical care as required in the country of destination. Students of the Politecnico di Milano may also take out cheap travel insurance (Europe Assistance SpA).</i> Incoming students <i>We strongly recommend that incoming students and staff are fully insured. Insurance policy should cover medical emergencies as well as one's property. Information will be provided on how to obtain medical insurance in Italy. However, the responsibility for obtaining necessary and comprehensive insurance policy rests with the incoming students and/or staff."</i> www.polinternational.polimi.it/life/living-in-italy/health-service
