

Dear Students,

We are glad that you are planning to study at HTW Dresden/University of Applied Sciences Dresden!

To further plan your academic stay and fill out your Learning Agreement, you will need to choose courses from HTW Dresden's module catalogue. This is our step-by-step instruction how to do so.

1. Go to https://apps.htw-dresden.de/en/app-modulux/frontend/study-programs/?no_cache=1
2. Stay within the tab "MODULES" and activate the filter.

The screenshot shows the HTW Dresden website interface. At the top, there are navigation links: APPLICATIONS, BACKEND, IMPRESSUM, and English. The main header features the HTW Dresden logo and the 'modulux' brand name. Below the header is a navigation bar with tabs: STUDY PROGRAMS, MODULES (highlighted with a red arrow), STUDIUM INTEGRALE, LANGUAGE CENTRE, and INTERNATIONAL. The main content area is titled 'Modules of the University of Applied Sciences Dresden' and includes a 'Filter on/off' button (highlighted with a red arrow). Below this is a table with columns: Options, Module number, Module, Faculty, Course language(s), and Assignment to curriculum. The first row shows module B111 [BD A1] (Mathematik) from the Civil Engineering faculty, offered in German.

3. Choose your faculty

This screenshot shows the same website interface as above, but with the 'Filter' dropdown menu open. The dropdown list includes options like Civil Engineering, Electrical Engineering, Informatics/Mathematics, Agriculture/Environment/Chemistry, Mechanical Engineering, Spatial Information Design, Business Administration (highlighted with a red arrow), Language centre, and Zentrum für fachübergreifende Bildung (Fakultät Wirtschaftswissenschaften). Below the dropdown is an 'Apply filter' button. The table below the dropdown shows the same module information as in the previous screenshot.

4. Choose the semester (summer or winter term) which you want to attend at HTW Dresden in order to see only courses that will be offered in the respective semester. Then apply the filter.

7. A list with all courses within the chosen framework is displayed.

It is possible to compare the courses using different attributes than those chosen by default. To do so, open the drop down menu.

The screenshot shows the moduLex interface for the University of Applied Sciences Dresden. A dropdown menu is open on the left side, listing various filtering options. The 'Assignment to curriculum' option is highlighted with a red arrow. The main content area displays a table of modules with columns for Module number, Module title / Keyword, ECTS credits, Faculty, Module supervisor, Course language, Semester, and Assignment to curriculum. A search bar and a 'Filter on/off' button are also visible.

8. By clicking on the amplifier you will see details and descriptions about each module.

The screenshot shows the moduLex interface with the 'INTERNATIONAL' tab selected. A red arrow points to the 'amplifier' icon (a magnifying glass) in the bottom left corner of the table. The table displays details for the module 'W308 [E09] International Business (BW)'. The details include the module number, title, ECTS credits, faculty, lecturer, module supervisor, course language, semester, and assignment to curriculum. A search bar and a 'Filter on/off' button are also visible.

9. If you want to study only in English language you can use the tab "INTERNATIONAL". Activate the filter, choose "Faculty", "Semester" and "Level". In order to find courses taught 100 % in English please move both sliders to 100 %.

The screenshot shows the moduLex interface with the 'INTERNATIONAL' tab selected. A red arrow points to the 'Filter on/off' button in the top right corner. The table displays details for the module 'B135 [BD B7] Structural Steel 2'. The details include the module number, title, ECTS credits, faculty, lecturer, module supervisor, course language, semester, and assignment to curriculum. A search bar and a 'Filter on/off' button are also visible.

Enjoy browsing the module catalogue!
