

UNIVERSIDADE FEDERAL DE OURO PRETO

Located in the southeastern part of Brazil in an important mineral province of the Brazilian highlands, Federal University of Ouro Preto (UFOP) was founded in 1969 from the merger of two traditional schools, Pharmacy (1839) and Mines (1876). UFOP has three campi located in the cities of Ouro Preto, Mariana and João Monlevade. The university is public and offers training in 51 undergraduate programs and 42 graduate programs (13 PhD and 29 MSc programs) in areas such as Earth Science, Mining, Biology, Chemistry, Pharmacy, Environment, Metallurgy and Material Engineering, Computing, Architecture, Nutrition, Nanobiotechnology, Law, Humanities and Education, Languages, Performing Arts and Music, as well as continuing education and specializations in medical and multiprofessional areas, technological development, engineering and entrepreneurship.

GRADUATE PROGRAMS

- Applied Economy (MSc):
www.ppea.ufop.br
- Biological Sciences (MSc/PhD):
www.cbiol.nupeb.ufop.br
- Biotechnology (MSc/PhD):
www.nupeb.ufop.br/biotec
- Chemistry (MSc):
www.ppgquimica.ufop.br
- Civil Engineering (MSc/PhD):
www.propec.ufop.br
- Communication (MSc):
www.ppgcom.ufop.br
- Computer Science (MSc/PhD):
www.decom.ufop.br
- Crustal Evolution and Natural Resources (MSc/PhD):
www.posdegeo.ufop.br
- Ecology of Tropical Biomes (MSc):
www.biomat.ufop.br
- Education (MSc):
www.posedu.ufop.br
- Environmental Engineering (MSc/PhD):
www.proamb.ufop.br
- Geotechnics (MSc/PhD):
www.nugeo.ufop.br
- Health and Nutrition (MSc):
www.posnutricao.ufop.br
- History (MSc/PhD):
www.ppghis.ufop.br
- Language Studies (MSc):
www.posletras.ufop.br
- Law (MSc):
www.novosdireitos.ufop.br
- Metallurgy and Materials Engineering (MSc/PhD):
www.redemat.ufop.br
- Material Physics (MSc):
www.fimat.ufop.br
- Mineral Engineering (MSc/PhD):
www.ppgem.ufop.br
- Multicentric Chemistry (PhD):
www.ppgquimica.ufop.br
- Performing Arts (MSc):
www.ppgac.ufop.br
- Pharmaceutical Nanotechnology (PhD):
www.sites.ufop.br/ppgnanofarma
- Pharmaceutical Sciences (MSc/PhD):
www.cipharma.ufop.br
- Philosophy (MSc):

PROFESSIONAL MASTERS

- Instrumentation and Control in Mining Processes:
www.proficam.ufop.br
- Socioeconomic and Environmental Sustainability:
www.sustentabilidade.ufop.br
- Geotechnical Engineering:
www.nugeo.ufop.br
- Mathematical Education:
www.ppgedmat.ufop.br
- Science Teaching:
www.mpec.ufop.br
- Multicentric Maths:
www.proformat.ufop.br
- Metal Construction:
www.mecom.ufop.br

INTERDISCIPLINARY

- Socioeconomic and Environmental Sustainability (MSc):
www.sustentabilidade.ufop.br

SPECIALIZATIONS

- Medical Residency in Family and and Communities
- Medical Residency in General Surgery
- Medical Residency in Medical Clinic
- Multiprofessional Residency in Family and Communities

Prociliar Project

UFOP's Office of Technological Innovation and Entrepreneurship (NITE) manages and supports the protection of all intellectual property assets, such as patents, softwares, know-how and all innovative technologies and activities developed at the university.

NITE also manages the technology transfers to the industries, and promotes innovation for the social and economic development.

The university has deposited 141 patents and transferred 10 technologies. Some examples of technologies developed by UFOP research groups are the Canine Leishmaniasis vaccine, a smart sticker for quality control of food, the antibiotic composition in nanoparticles for the treatment of the bovine mastitis, and a serological test for the follow-up in Chagas disease treatment.

PROPP PRO-RECTORATE FOR RESEARCH AND GRADUATE STUDIES

The Pro-Rectorate for Research and Graduate Studies (PROPP) is the administrative unit of UFOP that develops and implements policies to promote and support research, graduate programs and innovation.
