Language Courses

English language courses are available at the Language Centre, UCC. During the first week of each semester, the Language Centre arranges for an informal assessment of the standard of students interested in attending English language classes. Advice is given about which course is most appropriate. Please note that students are required to pay for most English language courses.

Language Requirements

Lectures are usually conducted in English, so good knowledge of English is essential. International students must master English sufficiently to understand lectures and use English textbooks.

We do not require Erasmus students to provide English language certificates. We trust that nominated students have a sufficient level of the language to take part in lectures and lessons.

Booking Your Accommodation (HOUSING)

1. You will receive an application form with your acceptance letter (*Spring semester students will receive this form in September*). It is essential to complete the form **immediately** to add yourself to the housing list.
2. Please check your emails regularly. You will be required to accept a place within 48 hours of being offered.
3. You will only receive one offer for accommodation. If you choose not to accept it or do not respond within the required timeframe, you will lose your place, and it will be offered to another student.
4. Accommodation can cost up to **€5,000 per semester**.

Accommodation and Community Life

If you are responsible for booking your own housing, please complete the housing form attached in your acceptance email

Course/Module Information

**Visiting Students can only choose modules from
The Book of Modules for Visiting Students.**

It also includes the list of modules exclusively available to visiting students.

Credits: It is recommended that students take modules worth 30 UCC credits per semester. Students are not generally allowed to choose more than this, but they can take less with permission from their provider or home university. You should consult your home university regarding how many credits you should take.

Even though every effort will be made to ensure that students will be admitted to their preferred module choices, the International Office **CANNOT GUARANTEE** admission to any particular module. All modules are subject to change/timetable conflict/cancellation at any time.

Modules marked as needing departmental approval on the module description:

This process will be completed by the International Office at time of module selection. Your academic transcript and module request will be sent to the relevant department for review.

You must have an academic background (studied classes) in that area to support your request.

*Students planning on graduating early or needing very specific classes

Entry into classes is not guaranteed so please do not rely on taking them at UCC. We ask that you are flexible and work with your home university about preparing 'back up' modules.

Module Levels

EN1*** = 1 st year module	EN2*** = 2 nd year module	EN3*** = 3 rd year module	EN4*** = 4 th year module
EN5*** & EN6*** = postgraduate modules
