The students nominated will then receive our application form and further information (about housing, etc.) via email.

## LANGUAGE REQUIREMENTS

As the language of instruction of most courses is German, our international incoming students **who want to access the complete course list** are expected to have a minimum CEFR German language level of B2. Non-German speaking students must prove their English language proficiency by submitting an official and recognized language certificate, proving B2-English (total of all 4 competencies of reading, writing, listening, and speaking).

Elementary Teacher Education:	minimum CEFR <b>German</b> language level of B2
Primary Teacher Education:	non-German speakers welcome, minimum CEFR <b>English</b> language level of B2
Secondary Teacher Education:	non-German speakers welcome, minimum CEFR <b>English</b> language level of B2

## ACCOMMODATION AND STUDENT DORMITORIES

Students should arrange accommodation as early as possible! It is quite difficult to find reasonable accommodation close to semester start. One of the best housing options for exchange students are the student dorms, which are located closely to our university. Information about student dorms, application criteria and the application process can be found on their website ([www.oejab.at](http://www.oejab.at)).

## PREPARATORY GERMAN COURSE

All our **non-German speaking** international incoming students are required to participate in two obligatory German courses (“Interkulturelle Kommunikation im Team - 2EC”, “Kommunikation auf Deutsch in Alltag und in Beruf - 4EC”). These two preparatory courses prior to semester start take place at the beginning of September and the beginning of February and, therefore, may alter the date of arrival of our incoming students.

## LEARNING AGREEMENT

The Learning Agreements are signed by our vice-rector. International students are encouraged to use the Online Learning Agreement (OLA). Any information about the contact data required to fill out the OLA will be provided by our Erasmus+ Coordinators.

## COURSE CATALOGUE, COURSE REGISTRATION, COURSE TIMETABLE

Check our website for up-to-date module offerings. Students will register for their chosen modules during our Welcome Day as our staff will assist them with any queries that might arise. The course timetable will only be released a week prior to the semester start. The students will receive all necessary information during the Welcome Day and our Erasmus+ Coordinators will assist with scheduling the students' academic programme for their semester abroad.

### MANDATORY MODULE FOR OUR INCOMING STUDENTS *INTERNATIONAL ENCOUNTERS AND CROSS-CULTURAL TEACHING COMPETENCES*

The module *"International Encounters and Cross-Cultural Teaching Competences"* fosters intercultural exchange by linking Burgenland's educational, historical, and cultural developments with global perspectives. Students develop linguistic competences in the target language (English/German), an awareness of different language registers, and communication skills that they can apply in various educational and everyday situations. Furthermore, they critically engage with educational equity, diversity, and democracy, reflecting on European teaching methods and AI-supported innovations for inclusive learning. Restrictive boundaries – whether geopolitical, educational, or individual – are closely examined in this module and critically discussed from international perspectives.

BPVT0902PA	Language Productive and Receptive Skills	4 ECTS

Erasmus+ students only have to pay the ÖH fee, which is a mandatory contribution for students at Austrian universities, universities of applied sciences, and university colleges of teacher education. It funds the Austrian National Union of Students (ÖH), which provides student representation, legal and social support, accident and liability insurance, and various events and projects. The fee is €24.70 per semester (as of 2024).

We advise our international students to arrange their health insurance for Austria while still based in their home country (for example, by obtaining the European Health Insurance Card).
