Not every Inholland location offers accommodation for exchange students. There is a limited number of rooms available through Inholland. Unfortunately, there is a shortage when it comes to student housing in the Netherlands. Students should start arranging their accommodation as early as possible (**at least five months in advance**). The rent price for accommodation in the Netherlands will be between €400 and 900 a month. Most students in the Netherlands live in **shared student housing**.

Studying with a disability or personal circumstances

After the Dutch government ratified the UN Convention on Disability in 2016, the amended Equal Treatment of Chronically Ill and Disabled Persons Act came into force on 1 January 2017. This means that all buildings with a public function (public buildings, government buildings but also shops and restaurants) must be accessible, or adjustments must be made to become accessible, regardless of one's disability or chronic illness. This makes accessibility the norm in the Netherlands and inaccessibility the exception. Inholland is of course committed to this principle and offers, to the best of her abilities, facilities to students with physical disabilities. So if you come study with us and want to discuss your needs, please let us know before you arrive here and contact the student counsellor.

The student counsellor can assist you if personal circumstances are preventing you from giving your education the attention it needs. Whether this is due to illness, family matters or something else entirely, dyslexia or any other disability – they are happy to discuss how our university can make things easier for you. Together we come up with realistic goals to make your life as a student easier and help you succeed in your studies. If you like to discuss your personal situation before you sign up as a student at Inholland, please contact the International Office and they will get you in touch with the student counsellor of the Inholland location you are planning to study at.

€ Expenses

- For the accurate living expenses please check [Numbeo](#) and select your city.
- Health Insurance
 - **EU/EEA students** must obtain an EHIC card pre-arrival. Be aware that this card expires after a few weeks/months, contact your health insurance provider to ask for the validity of the card.
 - **NON EU/EAA students** need to take out an Insurance Passport for Students (AON). In case Inholland applies for your Visa or Residence Permit, the admissions department will take out the AON insurance on your behalf. Be aware that this insurance is taken out usually from 1 September. Before that date, even if you travel to the Netherlands sooner, you are responsible to have your own health insurance! For questions please contact admissions@inholland.nl
- [Liability Insurance](#): we highly recommend all students to take out a liability insurance as well.
